"A Skin You Love To Touch" painted by R. F. Schabelitz

## You. too. can have

## A skin you love to touch

SLEEP-fresh air-the right food-all these help to maintain the general tone of your skin.

But good health alone will not insure a good complexion. Many conditions that seriously detract from the appearance of the skin, such as blackheads, blemishes, excessive oiliness, etc., are of purely local

Give your skin itself special care, if you want it to be smooth, soft, delightful in texture and color.

Each day your skin is changing

You can have a lovely skin, if you will. Each day your skin is changing—old skin dies and new takes its place. By giving this new skin special care, you can actually make your complexion over-you can give it a clearness and smoothness it has never had before

You will find the special treatment your

skin needs in the booklet of famous skin treatments, "A Skin You Love To Touch," which is wrapped around every cake of Woodbury's Facial Soap.

Get a cake of Woodbury's today, at any drug store or toilet goods counter, and read in this booklet, just how to take care of your skin. Learn how to free it from such defects as blackheads, blemishes, conspicuous nose pores, excessive oiliness, etc. Even a week or ten days of the right treatment will bring about a marked improvement in your complexion.

A 25 cent cake of Woodbury's lasts a month or six weeks for general toilet use, including any of the special Woodbury treatments. The same qualities that give Woodbury's its beneficial effect in overcoming common skin troubles make it ideal for general use. Woodbury's also comes in convenient 3-cake boxes
